League of Giants at Tuna Masters Teos

It's a perfect time to sign up for fish tournament hosted by Teos Marina taking place between the dates of September 19 -22. Some real records were set in the previous years, one of which was in 2017, when a 295-kilo-tuna was recorded as the biggest fish of all times caught in Turkey. Also in 2018, one of the teams caught a 190-kilo-tuna fish and rewarded with scuba diving tour in Raja Ambat, alongside the prize money and sponsor's gifts. The same team also rewarded with fish tour in South Africa, after winning the first place in "Catch the Most Fish Category". No doubt this year will be a league of giants!
